

in order to show what a cowardly lot  
the Boyds are & that I agree with you  
there is really nothing that can be done  
to them.

It is not only the report that I meet to,  
but the facts that my name was again  
brought before the public & this time with  
my address attached. The result has  
been a number of hugging & decidedly  
crazy letters.

The paper is owned entirely by the Boyds.  
One of them owns has the paper handed by  
never allowing a directors meetings where  
any thing might be done contrary to his  
wishes.

I have not heard from Dury Cooper. He  
was out when I called him of the other  
evening.

Thank you for your letter

Very Xmas to all the Pfeiffer,  
Big & little.

Very cordially

James Earl Hall
